PROPERTY BULLETIN #003, FY 2012

SUBJECT: Printing Excess Receival Forms

EFFECTIVE DATE: December 12, 2011

EXPIRATION DATE: Effective until canceled or superseded

SUPERSEDES: Not Applicable

BACKGROUND: The NOAA Brandywine Warehouse Team began using a scanner to process Excess Receival requests when picking up excess assets to reduce manual data entry. To facilitate this change, the property custodians must print out the Excess Receival Form and attach it to the asset for scanning prior to the excess asset being picked up.

PURPOSE: The purpose of this bulletin is to inform the property custodians of changes to the National Capital Region Excess Process.

PROCEDURES: Step-by-step procedures to generate an Excess Receival form are documented in the attachment.

LOGISTICS OPERATIONS DIVISION: Joy Taylor, Director of Logistics Operations Division, NOAA Property Management Officer, 301-713-3531 ext. 154, Joy.Taylor@noaa.gov

WAREHOUSE MANAGEMENT BRANCH: Nicole Proctor, Lead, Warehouse Management Branch, 301-372-2925 ext. 104, Nicole.Proctor@noaa.gov

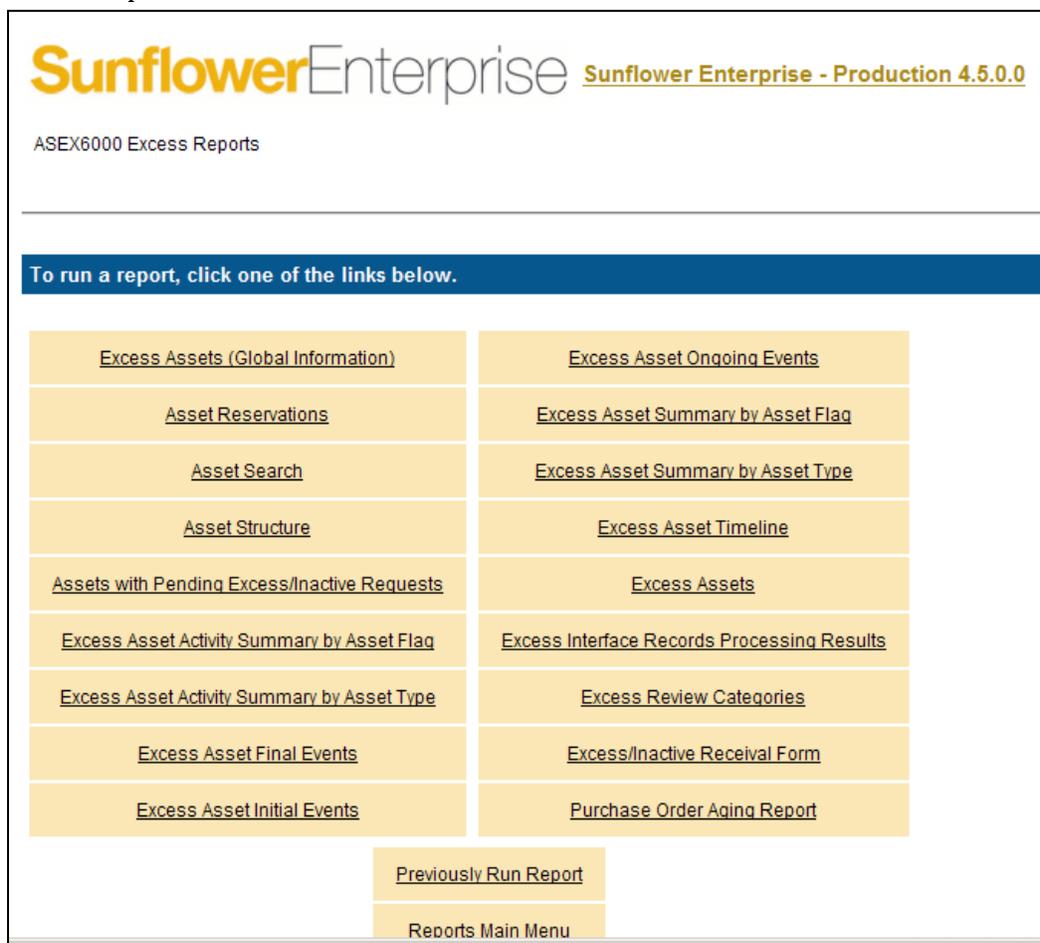

Generate Excess/Inactive Receival Form

This job aid will walk you through generating an Excess Receival Form for each asset that has an open Excess Receival Request. Place the printed form on the asset that will be picked up by the NOAA Brandywine Warehouse team for excess.

Excess Clerk/Inventory Clerk

Enterprise Reports > Excess Reports > Excess/Inactive Receival Form

Excess Reports

1. Select **Excess/Inactive Receival Form**.

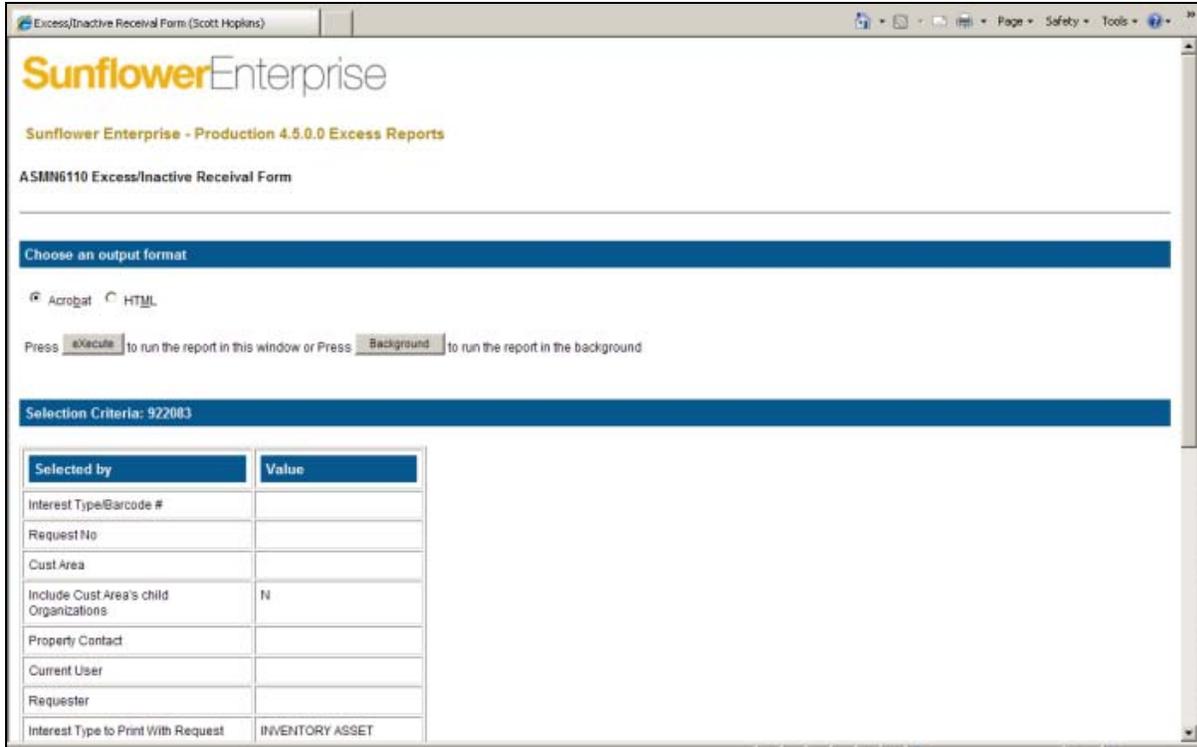

Result: The **Excess/Inactive Receival Form** parameters window displays:

How Would You Like to Select the Assets that Appear on the Report?

Interest Type/Barcode #	<input type="text" value="INVENTORY ASSET"/>	<input type="text"/>				
Request No	<input type="text"/>					
Cust Area	<input type="text"/>					
	<input type="checkbox"/> Include the Cust Area child Organizations					
Property Contact	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>
	Identifier	Last Name	First	Mid	Prefix	Suffix
Current User	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>
	Identifier	Last Name	First	Mid	Prefix	Suffix
Requester	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>
	Identifier	Last Name	First	Mid	Prefix	Suffix
Interest Type to Print With Request	<input type="text" value="INVENTORY ASSET"/>					
Include Only Assets With an	<input type="checkbox"/>					

2. Check the **Include Barcode** box.
3. Enter the appropriate **Pick-Up Location** to determine which assets have been requested for Excess in your location.
4. Optionally enter your Custodial Area in the **Cust Area** field to show all assets with an open Excess Receival Request for your Custodial Area. Or you can simply enter a Barcode in the **Barcode #** field if you only need to run this for one asset.
5. Uncheck the **In-Place Request** boxes.
6. Select the **Submit** button.

Result: A window displays that allows you to review the report parameters:

7. Review your parameters and select the **eXecute** button.

Result: A report is opened in a separate window.
